

Reach Full Charge

Boost your EV experience with our vendor agnostic charging solution which offers efficient and easily manageable charging so you can hit the road with confidence.

Why Choose CleverEV?

Scheduling & Load Balancing

Scheduled charging

Charge your EV whenever it is the most convenient for you, making the process reliable and cost-effective.

Load balancing

Optimize charging efficiency and network capacity utilization by prioritizing users and provisioning chargers.

Tariffs & Payments

Tariff options

Our fixed, dynamic and combined tariff choices help your business increase flexibility and predictability.

Payment options

Simplify the billing process with our integrated payment and invoicing flow options.

Charger Management

Add chargers

Manage private or public chargers in the CleverEV system.

Control and oversee charging remotely

Start and stop charging from remotely without any hassle.

Reports

Access all relevant data about the charging process.

CleverEV for Hotels

The CleverEV system can help you elevate your business by showing how committed you are to innovation and using cutting-edge technology to make your guests' stay comfortable and convenient.

Integration

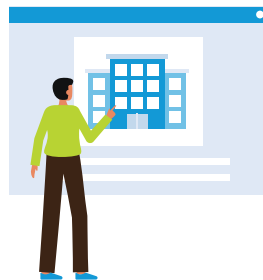

We offer a vendor-agnostic charging solution that can be integrated with all your in-house systems (PMS, Invoicing etc.), making it easily manageable.

RFID Authorization

The CleverEV system works with RFID Card Authorization to ensure the easy use of your hotel's charging stations.

User-friendly Platforms

Our management interface and application are designed to be user-friendly both for you and your guests.

Manage Chargers Remotely

With CleverEV you can manage all your chargers remotely, including preset prioritization or limitation of chargers.

Optimize Infrastructure Investment

Our load-balancing features make sure that your infrastructure capacity is used efficiently.

Tariff and Payment Options

We offer several features including integrated payment and invoicing flow options, and fix and dynamic tariffs to make the payment and billing process convenient and customizable.

Support

Our skilled and dedicated team is ready to provide assistance throughout the whole partnership.
